# AGRICULTURAL EXEMPTION REPORT FOR IMPOUNDING STRUCTURES

Reference: Impounding Structures Regulations, 4VAC 50-20-10 et seq., including 4VAC 50-20-165, Virginia Soil and Water Conservation Board

“Agricultural Purpose dams are dams which are less than 25 feet in height or which create a maximum impoundment smaller than 100 acre-feet operated primarily for agricultural purposes.”

## 1. Project Information:
   a. Name of Impounding Structure: ________________________________
   b. Inventory Number: ________________________________
      Other Name (if any): ________________________________
   c. Name of Reservoir: ________________________________

## 2. Location of Impounding Structure:
   a. City or County: ________________________________
   b. Located _______ feet/miles upstream/downstream of Highway Number ________________________________
   c. Name of river or stream: ________________________________
   d. Latitude: ________________________________ Longitude: ________________________________

## 3. Ownership:
   a. Owner’s Name: ________________________________
      If a corporation, name of representative: ________________________________
   b. Mailing Address: ________________________________
      ________________________________ ________________________________
   c. Telephone: (Residential) ________________________________ (Business) ________________________________
   d. Other means of communication: ________________________________

## 4. Impounding Information:
   a. Impounding structure height _________ feet (measured vertically from top of structure to the streambed at the downstream toe of the dam).
   b. Maximum impounding capacity _________ acre-feet (volume in acre-feet that is capable of being impounded at the top of the impounding structure).

## 5. Identification of Agricultural Activity. (List the agricultural functions for which the reservoir supplies water).
Note: The Regional Engineer may make a site visit to verify the agricultural usage.
