Pre-Conference Workshop

Building on Karst

9am - 3pm Tuesday, March 31
Lunch included!
Pricing: $79; only $49 w/conference registration

Hosted by the Virginia Cave Board and the Department of Conservation and Recreation, this workshop addresses the unique challenges that consultants, developers, localities, planners, and regulators face when working in karst landscapes. Specific aspects of working in karst that the workshop will address include:

- Karst information: obtaining and analyzing karst data
- Performance of site assessments in karst
- The legal framework of karst
- Best practices for development in karst, including stormwater management
- Case studies
