In Virginia, the year 1865 dawned cold and bright. The harsh light of winter illuminated a land scarred and depleted by four years of war. Sons, brothers and fathers were gone—missing or dead as the lifeblood of the Commonwealth slowly ebbed away.

Home to more battles than any other state, Virginia has some of the most expensive land in the country—it was purchased with the blood and lives of Americans during the long years of the Civil War.

Virginia State Parks will offer programs throughout the year that explore the impact of the war in Virginia on the lives of civilians and soldiers. In addition to regular programs, several parks will host special signature events:

**March 28**, Sailor’s Creek Battlefield Historical State Park. History will come alive with troop movements, tactical demonstrations, and an encampment. Multiple viewing locations will be available for the Battle of Little Sailors Creek.

**March 29**, High Bridge Trail State Park, to Farmville, Virginia. Experience events of April 7, 1865, as living historians demonstrate the meeting of the North and South on the battlefield and the mortal wounding of Gen. Thomas Smythe, the last Union general to die in the war.

**April 4-6**, Sailor’s Creek Battlefield Historical State Park. Observe the Sesquicentennial Commemorative Ceremony and enjoy other activities including the History Mobile, which is sponsored by the Virginia Sesquicentennial of the American Civil War Commission.

CATCHING GEOCACHING

Geocaching combines modern technology with old-fashioned outdoor fun. The simple explanation is that someone places a cache in the woods, usually a small container with a log book, and people use modern GPS receivers to find it.

Geocaching can add fun to a camping trip or it can be the main reason to visit a park. All state parks have at least one geocache and rent GPS units for a nominal fee. (Park offices and visitor centers are open on a limited basis so call ahead if you plan to rent a unit.)

This year’s Virginia State Parks Geocache Adventure allows you to explore multiple facets of the Civil War in Virginia. A story will emerge as you visit each park and find each geocache — a story of survival, freedom and endurance; of changing lives and changing roles; of overcoming adversity; of dreams realized and hearts broken. These stories are written across the landscape of Virginia and in every community.

The adventure runs March 1 - Dec. 15, 2015.
To access the coordinates visit www.dcr.virginia.gov/state-parks/geocaching.shtml

Quick Hints for Successful Geocaching

Set Yourself up for Success — Start your first geocaching adventure looking for difficulty 1, terrain 1 geocaches. Check the logs to make sure the geocache has been found recently. This will let you know the geocache will be in place. Search for a “regular” or larger geocache that has at least a few “favorite points.”

Know Your Cache Containers — Geocaches are often cleverly hidden. They might be camouflaged to look like a rock or to blend into the environment. If you’re still stumped while looking for a geocache, check recent logs and the hint. As a last resort, you can email the cache owner for an additional hint.

Find a Geocaching Friend — Geocachers love to share the location-based adventure. Attend a local geocaching event to meet other geocachers. They’ll be glad to help with any questions and offer a wealth of knowledge into geocaching around your region. Parks offer geocaching programs as well as helpful hints and guidance.

Once you find your first geocache, make sure to write a log thanking the cache owner and detailing your adventure. You might even spice up your log with some geocaching lingo like TFTC (Thanks for the Cache) or TNLN (Took Nothing Left Nothing). You’ll be a geocaching pro in no time.
An Important Part of a Healthy Lifestyle

Virginia State Parks are a tonic for the mind, body and spirit. Recreational opportunities in state parks are endless and easy to see. From swimming and boating to horseshoes and hiking, there’s always something to do in a state park. Parents play a big role in helping kids get up and get moving. Be a role model for your children.

Kids who see physically active adults having fun are more likely to be active and stay active throughout their lives. Take the whole family hiking, biking, canoeing or swimming. Focus on fun. By providing a safe and attractive environment for physical activity, Virginia State Parks can play an essential part in a healthy lifestyle.

Trails
More than 600 miles of trails of varying difficulty crisscross Virginia’s state parks. The trails give hikers the chance to explore hardwood forests, coastal marshes and flowering meadows. Self-guided trails introduce visitors to the natural and cultural history of each area, and markers provide interesting and educational information. Horseback riders and bicyclists will find miles of bridle and bike trails in state parks all across Virginia.

To view virtual tours of the trails or print trail maps, visit www.virginiaoutdoors.com.

Boating and Fishing
Virginia State Parks offer access to the state’s four largest lakes, most major rivers, the Chesapeake Bay and the Atlantic Ocean. Smaller, man-made lakes in a number of parks are known for healthy populations of smallmouth bass, trout, crappie and bream. At Douthat Lake, anglers can fish for seasonally stocked trout for a daily fee.

A Virginia fishing license is required to fish in most state park waters. Annual boat launch passes offer significant savings to frequent boaters.

Swimming
The young and young at heart enjoy taking a relaxing, summertime dip at our parks. Beaches and pools at 17 state parks, complemented by sunbathing areas, clean bathhouses and concession facilities, are generally open from Memorial Day weekend through Labor Day weekend. Overnight guests have free swimming privileges, except for group cabin visitors at Pocahontas State Park. A fee is charged to day visitors. Season passes and discounted swimming tickets offer savings for frequent visitors.

Picnicking
From an impromptu picnic to a special occasion, all parks have picnic tables and grills. Picnic shelters are available at most parks. Shelter rental reservations can be made by calling the Customer Service Center at 800-933-7275. When not reserved, most shelters are available free of charge on a first-come, first-served basis.

Equipment Rentals
Many parks rent stand-up paddle boards, canoes, rowboats, paddleboats, kayaks, hydro-bikes and bicycles. Check with the park for specifics. Guided horseback riding trips are available at New River Trail State Park.

Hunting
Open hunting is offered in designated areas of some parks each year. Resource management hunts are held in parks annually in response to the needs of individual parks.

Our cabins and campgrounds make excellent base camps for hunting in nearby wildlife management areas and public forests. For current hunting-related updates and announcements, visit www.virginiastateparks.gov.

The center takes same-day camping reservations until 2 p.m. Cabin and campsite reservations can also be made online at www.virginiastateparks.gov.

Cabins and Lodges
If you prefer a cozy climate-controlled cabin to camping in the great outdoors, you’re in luck. Nineteen state parks across the state rent cabins. See the grid on page 5 for details. Cabin sizes and sleeping arrangements vary by park.

All cabins have kitchens and bathrooms with a shower. They have rustic furniture, a microwave, a refrigerator, an oven, dishes, cooking utensils, silverware, kitchen towels and glassware. Bath towels and bedroom linens, including pillows, blankets, sheets and pillow cases, also are included. Except for cabins at Chippokes Plantation and the Martin Cottage and Hill Lodge at Twin Lakes, all cabins have fireplaces. Cabins at Smith Mountain Lake have wood stoves. Between Memorial Day and Labor Day, the standard cabin rental period is one week. Rentals for less than a week during this period can be made only within a month prior to the desired occupancy based on availability. There is a two-night minimum stay.

For larger groups and retreats, five and six-bedroom lodges are available at Bear Creek Lake, Claytor Lake, Douthat, Fairy Stone, Hungry Mother, James River, Kiptopeke, Natural Tunnel, Occoneechee, Shenandoah River and Westmoreland. They are rented as a whole, not by individual rooms.

Check-in is 4 p.m.; check-out is 10 a.m. Check-in days during the week-long requirement vary, so contact the Customer Service Center. Cabins cannot be reserved for more than 14 days within a single month.

In 1990 DCR began managing a system of special lands known as Natural Area Preserves. These lands provide suitable habitat for rare or declining plant and animal species and natural communities, some found nowhere else on Earth. The preserves serve as a link between our busy, modern world and the natural wilderness of the past.

DCR works hard to restore and maintain these special places and protect them from inappropriate human disturbance. Still, there is much to be learned and enjoyed in these exceptional natural settings. That’s why 21 of the system’s preserves have public access facilities of some type (see chart for details). Learn more about Natural Area Preserves by visiting www.dcr.virginia.gov/nh/ or call DCR’s Natural Heritage Program at 804-786-7951.
Be a Volunteer
Virginia State Parks wouldn’t be the same without the invaluable and enthusiastic efforts of our volunteers, who contribute more than 300,000 hours of support annually.

No matter your interests, schedule or experience, there is a way for you to get involved.

The Youth Conservation Corps, for young people ages 14-17, the AmeriCorps program for those over 17, and Friends groups for all ages are ways to get involved and to help Virginia State Parks in their mission to preserve and protect Virginia’s natural resources. At the same time, parks provide more than 8 million people each year safe, affordable and enjoyable recreation opportunities.
