

Brainstorm Recommendation Topics:

- Outreach Subcommittee Membership (who needs to be involved)

- Evaluation of what's been done? (what are the key takeaways)

 - PDC meetings

 - Lead up to Community meetings

 - Collaboration process

- Points of discussion/recommendation of action for future work:

 - Addressing process of engaging communities

 - Messaging (succinct efficient messaging + messenger)

 - Community Education (specifically, what is the communication plan for the public)

 - Outreach Network (specifically, what inter-agency network, or already established network is the "HUB" for community engagement)

-Outreach Subcommittee Membership (who needs to be involved)

are we using
the
subcommittee
capacity?

perspective: working
with the community
established - have
we checked in with
the leaders of this
work?

groups need
to be involved

TAC committee -
outline capacity, what
can you do, (schedule
meetings, education,
pamphlets), getting the
right people in the
room

we do this
prior to
bringing more
people into
the group?

Outreach Network (specifically, what inter-agency network, or already established network is the "HUB" for community engagement)

interagency
network
needs to be
established

documentation of process:
was the (NGO survey)
survey leveraged? was
there capacity or did we
find that this did not work?
also the excel document
that the TAC committee put
together useful?

Connor can pull
this survey - lets
document this for
insight of future
capacity
reccomendations

-Points of discussion/recommendation of action for future work:

Addressing process of engaging communities

faith communities
and underserved
are excluded at the
level of work done
by the locality

we did not have
capacity to reach
our vulnerable
communities - this
needs to be
rectified

how to bring
equity
perspective
into the
conversation
