1939 - CID510112_PetersburgCity_CFPF: Study of Properties within the Designated Floodplain Districts

Review Details

Funding Opportunity: Program Area:	1448-Virginia Community Flood Preparedness Fund - Study Grants - CY23 Round 4 Virginia Community Flood Preparedness Fund
Application Status:	Under Review
Stage:	
Organization:	PETERSBURG CITY
Applicant:	Darryl Walker
Internal Status:	
Round:	1
Reviewer:	Karyn Reid
Туре:	Internal
Role:	Primary
Review Status:	Submitted
Submitted Date:	Nov 30, 2023 12:01 PM
Score:	85.00

Studies Grant Scoring - Round 4

Eligibility and Scoring

Eligibility

Is the applicant a local government (including counties, cities, towns, municipal corporations, authorities, districts, commissions, or political subdivisions created by the General Assembly or pursuant to the Constitution or laws of the Commonwealth, or any combination of these)?

Yes = Eligible for consideration	
No = Not eligible for consideration	
Local Government*:	Yes
Does the local government have an approved	resilience plan and has provided a copy or link to the plan with this application?
Yes = Eligible for consideration under all categ	jories
No = Eligible for consideration for studies, cap	acity building, and planning only
Resilience Plan*:	Yes
If the applicant is <u>not a town, city, or county</u> ,	are letters of support from all affected local governments included in this application?
Yes = Eligible for consideration	
No = Not eligible for consideration N_{0}	
Letters of Support*:	N/A
Has this or any portion of this project been in	cluded in any application or program previously funded by the Department?
Yes = Not eligible for consideration	
No = Eligible for consideration	
Previously Funded*:	No
Has the applicant provided evidence of an ab	ility to provide the required matching funds?
Yes = Eligible for consideration	
No = Not eligible for consideration	

N/A = Match not required

Required Matching Funds*:	
Project Eligible for Consideration*:	No

Eligibility Comments:

Note: This application represents ~1% of the total requested amount (\$7.5 M) across all five of the City of Petersburg's applications.

A match waiver is being requested for this application. The City of Petersburg is eligible for a match waiver by meeting the definition of low-income geographic area.

No cost estimate or documentation justifying the total cost of the project is provided. This application is requesting \$57,000 over the \$50,000 limit allowed to be waived for Studies, according to the CFPF Grant Manual, pages 19 - 20.

Attached is a letter of support from Garrison Coward, Senior Advisor, Governor of Virginia, Partnership of Petersburg.

Scoring - Eligible Studies (Select all that apply)

Revising floodplain ordinances to maintain compliance with the NFIP or to incorporate higher standards that may reduce the risk of flood damage. This must include establishing processes for implementing the ordinance, including but not limited to, permitting, record retention, violations, and variances. This may include revising a floodplain ordinance when the community is getting new Flood Insurance Rate Maps (FIRMs), updating a floodplain ordinance to include floodplain setbacks or freeboard, or correcting issues identified in a Corrective Action Plan.

(If Yes - 30 Points | If No - 0 Points)

Revising Floodplain Ordinances*: No

Creating tools or applications to identify, aggregate, or display information on flood risk or creating a crowd-sourced mapping platform that gathers data points about real-time flooding. This could include a locally or regionally based web-based mapping product that allows local residents to better understand their flood risk.

(If Yes - 25 Points | If No - 0 Points)

Mapping Platform*: Yes

Conducting hydrologic and hydraulic studies of floodplains. Applicants who create new maps must apply for a Letter of Map Revision or a Physical Map Revision through the Federal Emergency Management Agency (FEMA).

(If Yes - 15 Points | If No - 0 Points)

Hydrologic and Hydraulic Studies*:

Studies and Data Collection of Statewide and Regional Significance. Funding of studies of statewide and regional significance and proposals will be considered for the following types of studies:

Updating precipitation data and IDF information (rain intensity, duration, frequency estimates) including such data at a sub-state or regional scale on a periodic basis.

(If Yes - 45 | If No - 0)

Updating Precipitation Data and IDF No Information*:

Regional relative sea level rise projections for use in determining future impacts.

(If Yes - 45 Points | If No - 0 Points)

Projections*:

No

No

Vulnerability analysis either statewide or regionally to state transportation, water supply, water treatment, impounding structures, or other significant and vital infrastructure from flooding.

(If Yes - 45 Points | If No - 0 Points) Vulnerability Analysis*: No Hash flood studies and modeling in riverine regions of the state. (If Yes - 45 Points | If No - 0 Points) Flash Flood Studies*: No Statewide or regional stream gauge monitoring to include expansion of existing gauge networks. (If Yes - 45 Points | If No - 0 Points) Stream Gauge Monitoring*: No New or updated delineations of areas of recurrent flooding, stormwater flooding, and storm surge vulnerability in coastal areas that include projections for future conditions based on sea level rise, more intense rainfall events, or other relevant flood risk factors. (If Yes - 45 Points | If No - 0 Points) **Delineations of Areas of Recurrent** No Flooding*: Regional flood studies in riverine communities that may include watershed-scale evaluation, updated estimates of rainfall intensity, or other information. (If Yes - 50 Points | If No - 0 Points) **Regional Flood Studies*:** No Regional Hydrologic and Hydraulic Studies of Hoodplains (If Yes - 45 Points | If No - 0 Points) **Regional Hydrologic and Hydraulic Studies** No of Floodplains*: Studies of potential land use strategies that could be implemented by a local government to reduce or mitigate damage from coastal or riverine flooding. (If Yes - 40 Points | If No - 0 Points) Potential Land Use Strategies*: Yes Other proposals that will significantly improve protection from flooding on a statewide or regional basis. (If Yes - 35 Points | If No - 0 Points) Other Proposals*: No Is the project area socially vulnerable? (based on ADAPT Virginia?s Social Vulnerability Index Score) Social Vulnerability Scoring: Very High Social Vulnerability (More than 1.5) - 10 Points High Social Vulnerability (1.0 to 1.5) - 8 Points Moderate Social Vulnerability (0.0 to 1.0) - 5 Points Low Social Vulnerability (-1.0 to 0.0) - 0 Points

Very Low Social Vulnerability (Less than -1.0) - 0 Points

Socially Vulnerable Scoring*:

Is the proposed project part of an effort to join or remedy the community?s probation or suspension from the NHP?

No

(If Yes - 5 Points | If No - 0 Points)

NFIP*:

Is the proposed project in a low-income geographic area as defined below?

"Low-income geographic area" means any locality, or community within a locality, that has a median household income that is not greater than 80 percent of the local median household income, or any area in the Commonwealth designated as a qualified opportunity zone by the U.S. Secretary of the Treasury via his delegation of authority to the Internal Revenue Service. A project of any size within a low-income geographic area will be considered.

(If Yes - 10 Points | If No - 0 Points)

Low-Income Geographic Area*: Yes

Projects eligible for funding may also reduce nutrient and sediment pollution to local waters and the Chesapeake Bay and assist the Commonwealth in achieving local and/or Chesapeake Bay TMDLs.

Does the proposed project include implementation of one or more best management practices with a nitrogen, phosphorus, or sediment reduction efficiency established by the Virginia Department of Environmental Quality or the Chesapeake Bay Program Partnership in support of the Chesapeake Bay TMDL Phase III Watershed Implementation Plan?

(If Yes - 5 Points | If No - 0 Points)

Reduction of Nutrient and Sediment No Pollution*:

Scoring Comments:

The City of Petersburg meets the definition of a low-income geographic area with a local median household income of \$44,890 which is 56% of the state median household income (\$80,615).

This application receives a total of 85 points with 65 points for Capacity Building and Planning, 10 points for very high social vulnerability and 10 points for being a low-income geographic area.

Project Total Score*: 85

Special Conditions:

A cost estimate must be submitted before awarding.
