

TRC Conference Call Meeting Notes

March 28, 2016

Attending

Area I:

Area II: Claire Hilsen

Area III: Leslie Anne Hinton, Etta Lucas, Stacey Heflin

Area IV:

Area V:

Area VI: Cole Charnock

DCR: Amy Walker

Barbara McGarry, Scott Ambler, Roland Owens

Others:

It had been previously announced that there was no agenda for this conference call. The call was open to allow participants to ask questions or provide comments.

Webinar capability

Roland commented that the Soil and Water Division is establishing a GoTo Meeting account which has the capability for recording meetings.

RMP set-aside

Scott announced that \$200,000 will be added to the balance of RMP cost-share set aside for the '17 program year, making available nearly \$260,000. This set-aside amount is available for RMP-1 or RMP-2 practices statewide.

One question was asked about the progress of plans towards verification. DCR's response was that there likely will be many plans for which the participant requests certification in the near future. It is anticipated that the requests will begin after June 30, the date by which plan developers must complete new contracted Chesapeake Bay plan development. It is not confirmed on which plans certification will be requested.
