MEMORANDUM

TO: SWCD Chairpersons

FROM: Darryl M. Glover, Acting Deputy Director,
Soil and Water Conservation, and Dam Safety and Floodplain Management

DATE: January 4, 2018

SUBJECT: RMP Operational Support Funding

We are pleased to announce that, in addition to the continuation of operational support for Resource Management Plan (RMP) review, operational support funding is now also available statewide to Districts for the certification inspection of each eligible RMP. This is effective, retroactively, to October 1, 2017.

If a District conducts a certification inspection of an RMP, they can request payment of RMP Operational Support Funds at the rate of \$100 per plan (minimum 25 acre plan) plus \$0.50 per acre (up to 650 acres). Districts will be eligible to receive one such payment per certified RMP.

Attached is the amended reimbursement request form to be submitted quarterly. The next quarterly RMP Operational Support Reimbursement Reports are due January 16, 2018.
