

Notes

1. The landowner/operator is responsible for obtaining and complying with all permits and easements. This includes all federal, state and local permits.

2. The landowner/operator is responsible for checking and complying with all local ordinances that may affect the project.

3. MISS UTILITY (Virginia telephone number 811) must be contacted at least 3 working days before construction begins. The landowner/operator is responsible for ensuring that the contractor contacts MISS UTILITY. The contractor must be able to provide the MISS UTILITY ticket number within 24 hours upon request by the DCR/SWCD representative. The landowner/operator is responsible for locating any buried utilities (water lines, electric lines, telephone lines, gas lines, sewer lines, etc.) in the work area that are not covered by the MISS UTILITY program.

4. DCR/SWCD makes no representation of the existence or nonexistence of utilities. The presence or absence of utilities on the construction drawings does not assure that there are or are not utilities in the work area.

5. The contractor is responsible for knowing and following the appropriate safety standards required by the Virginia Safety and Health Codes Board.

6. The landowner/operator shall notify the DCR/SWCD representative at least one week prior to beginning construction, and at all other times specified in this construction plan and attached specifications.

7. Any deviation from these construction drawings and specifications without written approval from DCR/SWCD representative may result in in failure of this practice to meet NRCS Standards and the withdrawal of technical assistance for this project.

8. Prior to beginning construction, the cover sheet must be signed by the landowner/operator, the contractor, and the DCR/SWCD representative. The landowner/operator is responsible for informing the contractor of these responsibilities by providing the contractor a copy of this cover sheet. The contractor must sign the cover sheet acknowledging that these responsibilities are understood and the landowner/operator must return the signed cover sheet to the DCR/SWCD Representative. If requested by DCR/SWCD, the landowner/operator shall arrange for a meeting between the contractor and DCR/SWCD to review the construction drawings and specifications prior to construction.
